

TradePro

Terms of Service

Version: terms-v1
Effective Date: 1 January 2024

1. Introduction

These Terms of Service govern your access to and use of the TradePro platform and related services. By accessing or using our services, you agree to be bound by these terms. If you do not agree, you must not use the platform.

2. Eligibility and Account Security

You must provide accurate registration and verification information and keep your account credentials confidential. You are responsible for activity performed through your account and must promptly notify TradePro of suspected unauthorized access.

3. Trading Services and Risk

Trading financial instruments involves significant risk and may result in loss of capital. Information made available through TradePro is provided for general informational purposes and does not constitute personalized investment, legal, or tax advice.

4. Customer Verification

You agree to complete identity and eligibility checks required by applicable law and our compliance procedures. TradePro may request additional information, restrict account functionality, or suspend access while verification is pending.

5. Acceptable Use

You must not misuse the platform, attempt unauthorized access, interfere with service availability, submit fraudulent information, or use TradePro for unlawful activity. Automated access is permitted only where expressly authorized.

6. Fees and Transactions

Applicable fees, exchange rates, processing times, and transaction limits are presented before confirmation where required. You are responsible for reviewing transaction details before submission.

7. Privacy and Data Protection

Personal information is processed according to the TradePro Privacy Policy and applicable data protection requirements. Verification information may be shared with approved service providers solely for identity, compliance, fraud prevention, and security purposes.

8. Electronic Communications and Signatures

You consent to receive notices and records electronically. Your electronic acceptance and signature have the same legal effect as a handwritten signature to the extent permitted by applicable law.

9. Service Availability

We work to maintain reliable access but do not guarantee uninterrupted availability. Maintenance, market conditions, third-party outages, security incidents, or events beyond reasonable control may affect the platform.

10. Limitation of Liability

To the maximum extent permitted by law, TradePro is not liable for indirect, incidental, special, or consequential losses arising from platform use, market movements, third-party services, or events outside our reasonable control.

11. Changes and Termination

We may update these terms when services or legal requirements change. Material changes will be communicated through appropriate channels. You may stop using TradePro at any time, subject to outstanding obligations and applicable retention requirements.

12. Contact

Questions about these terms may be submitted through TradePro customer support. This development document is a generic placeholder and must be replaced with legal text approved for the production jurisdiction before launch.
